- **QUESTION:** What is proximally?

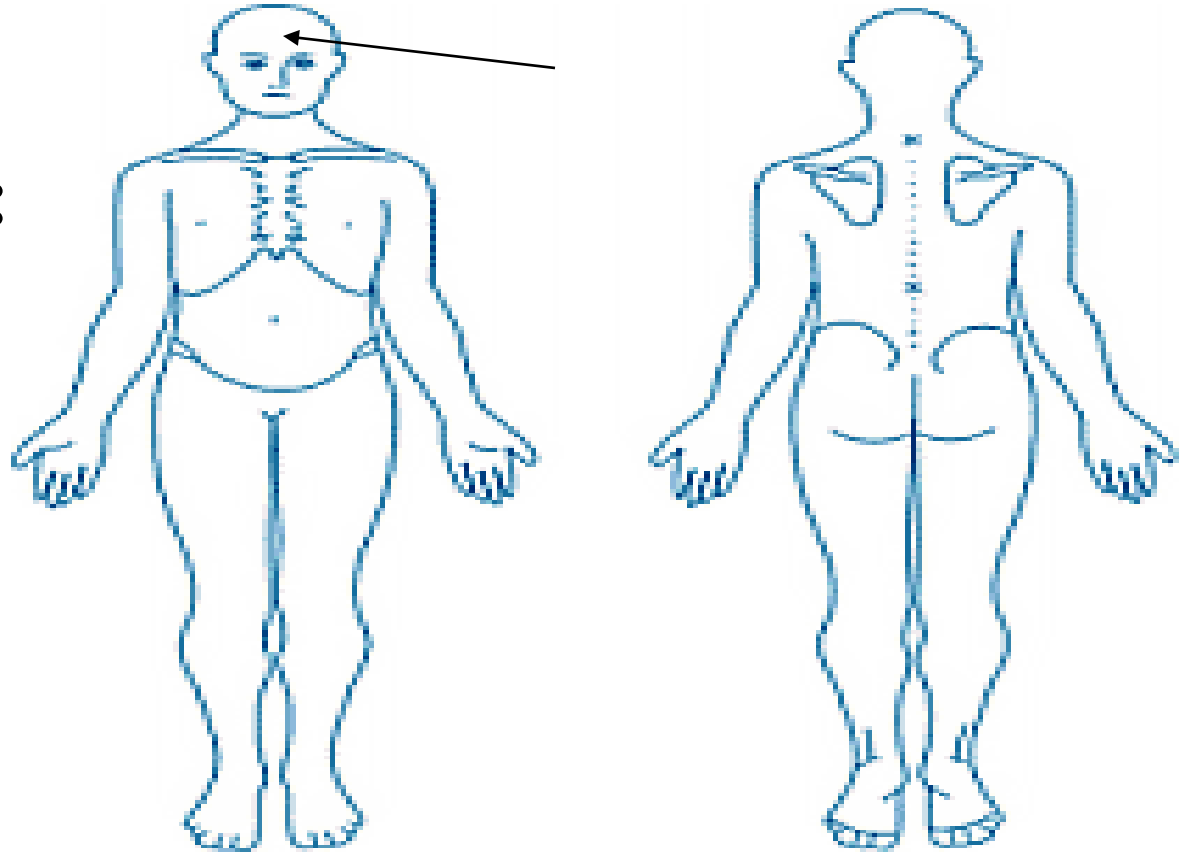

Answer

Question

# Anterior Body Landmarks-100

- **ANSWER:**

- **QUESTION: What is frontal?**

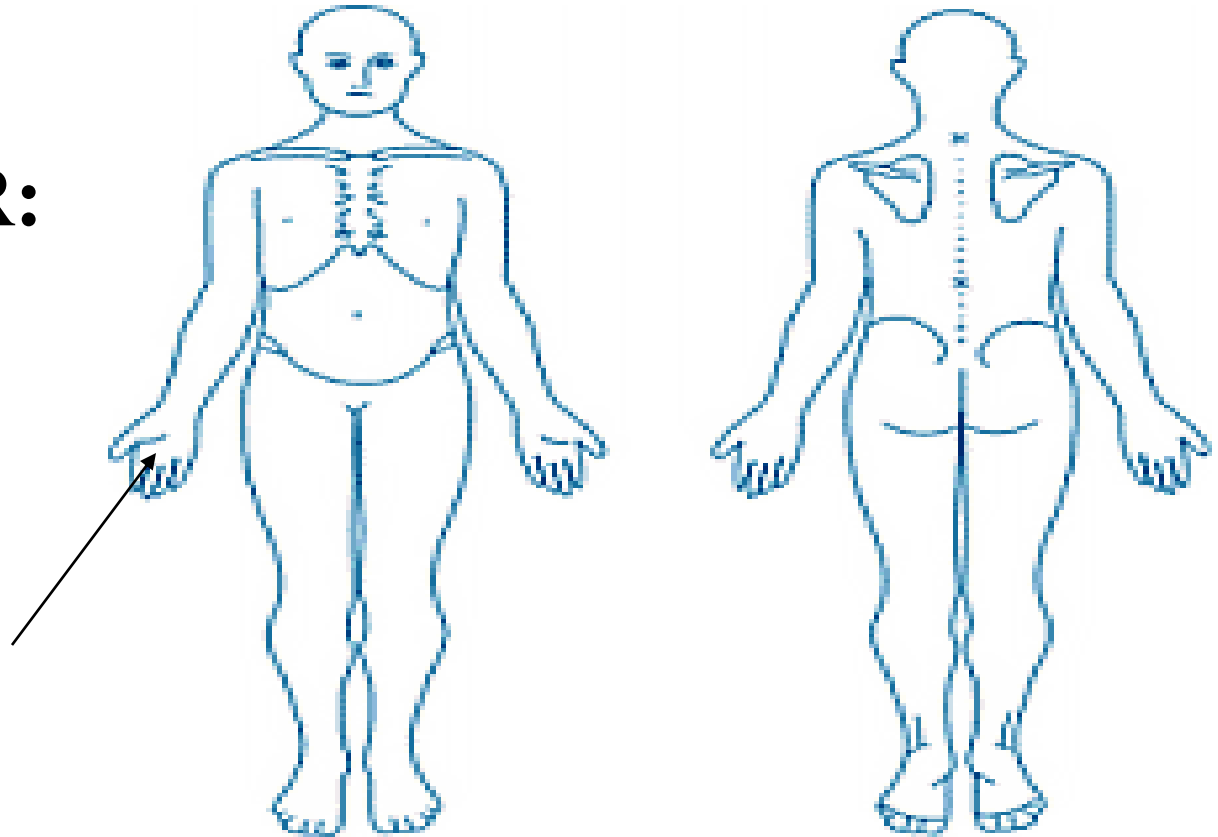

Answer

Question

# Anterior Body landmarks-200

- **ANSWER:**

- **QUESTION: What is palmar?**

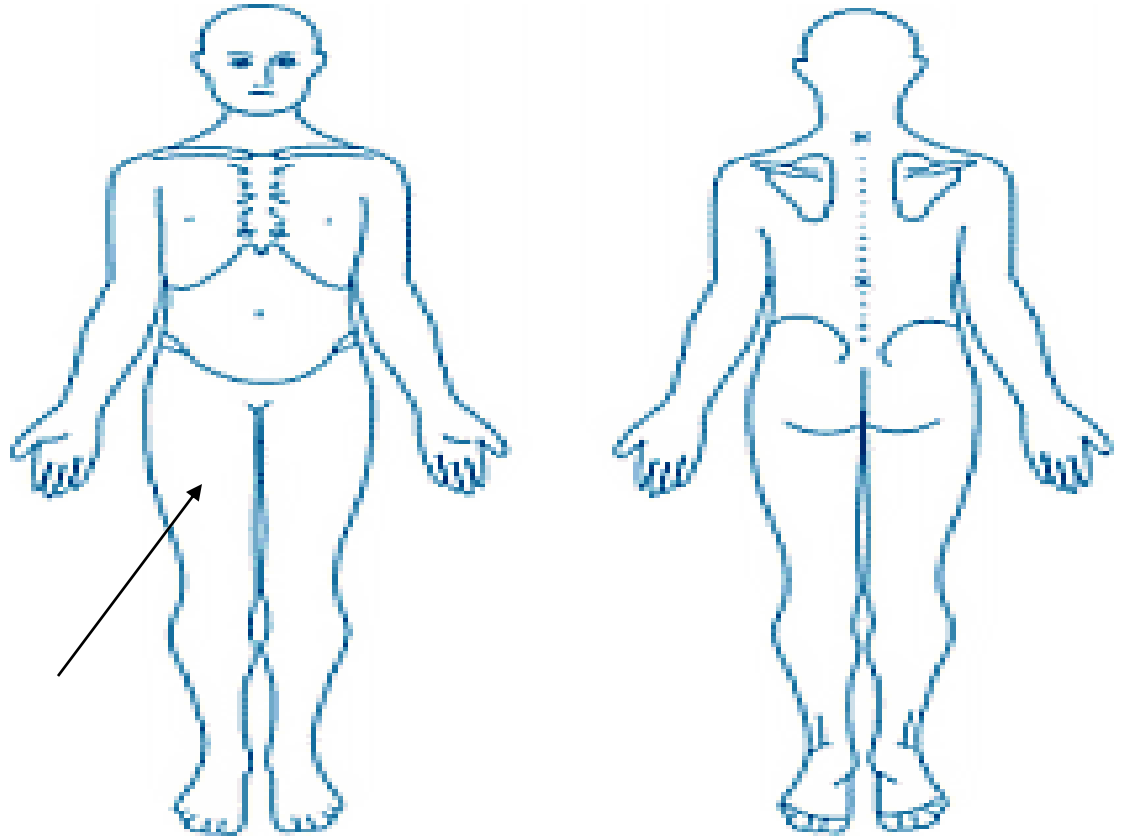

Answer

Question

# Anterior Body Landmarks-300

- **ANSWER:**

- **QUESTION: What is femoral?**

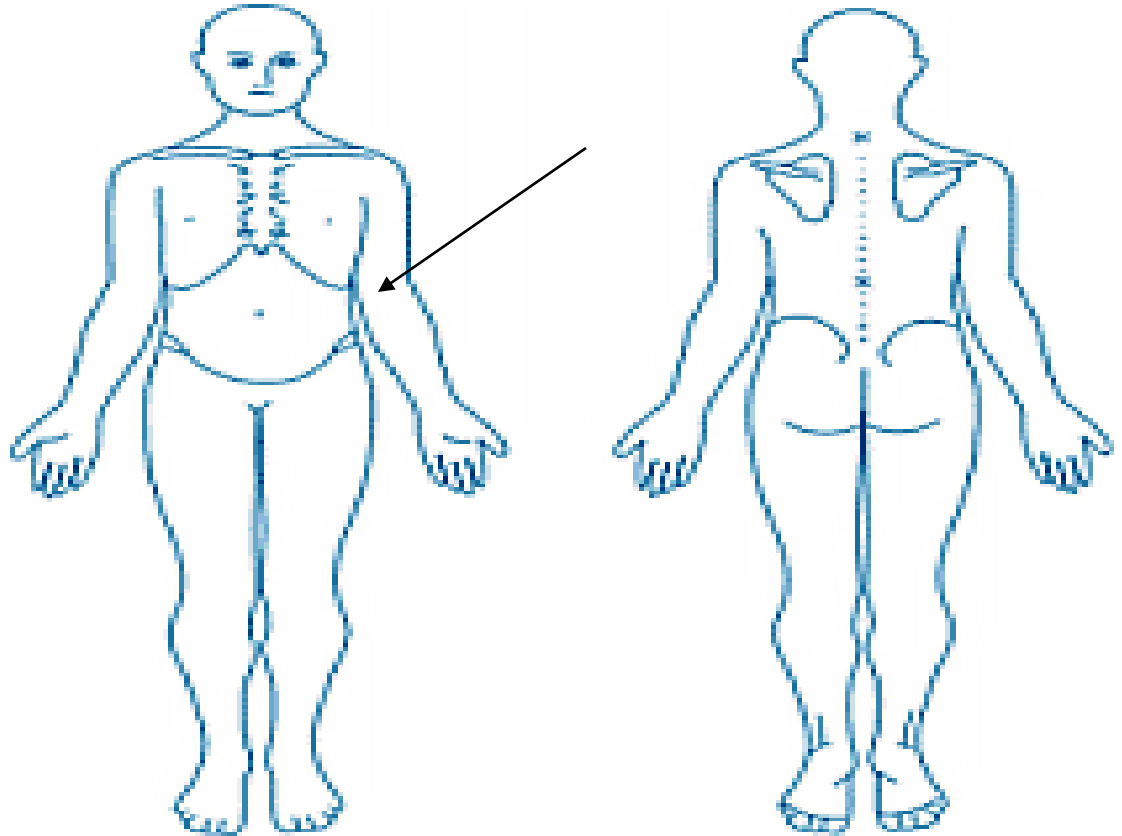

Answer

Question

# Anterior Body Landmarks-400

- **ANSWER:**

- **QUESTION: What is antecubital?**

Answer

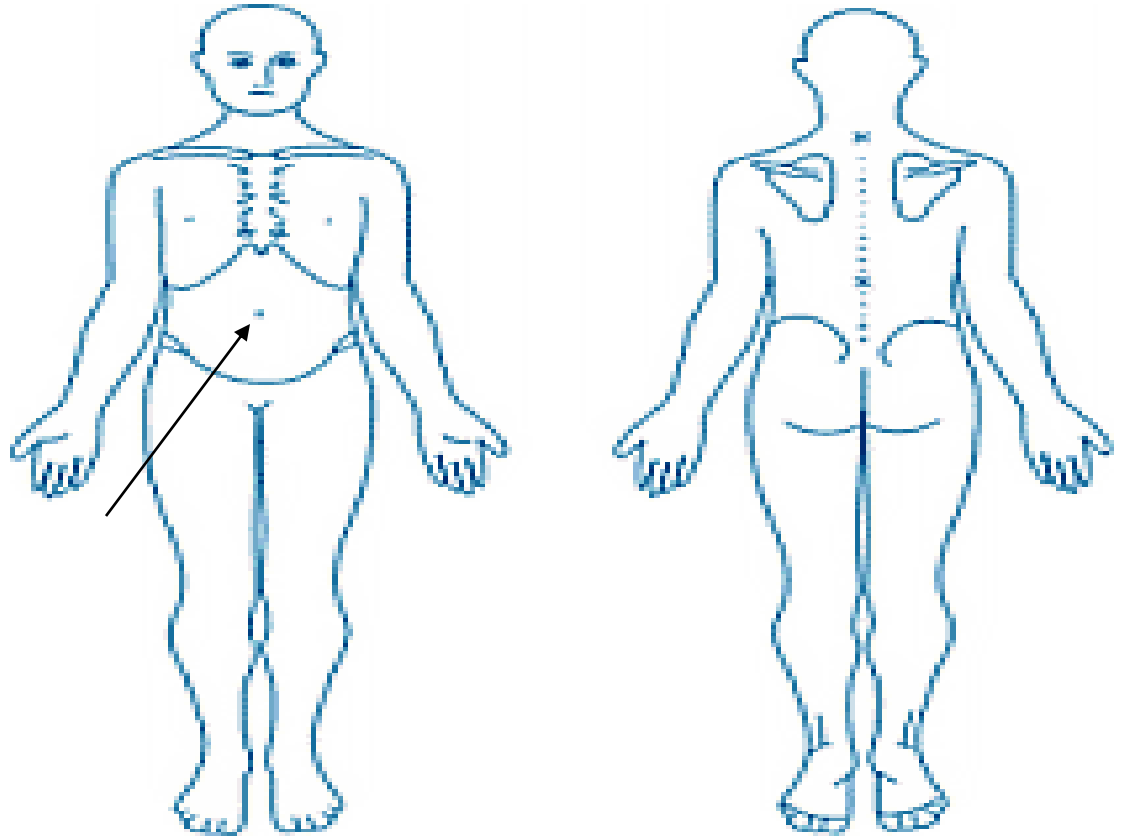

Question

# Anterior Body Landmarks-500

- **ANSWER:**

- **QUESTION: What is umbilical?**

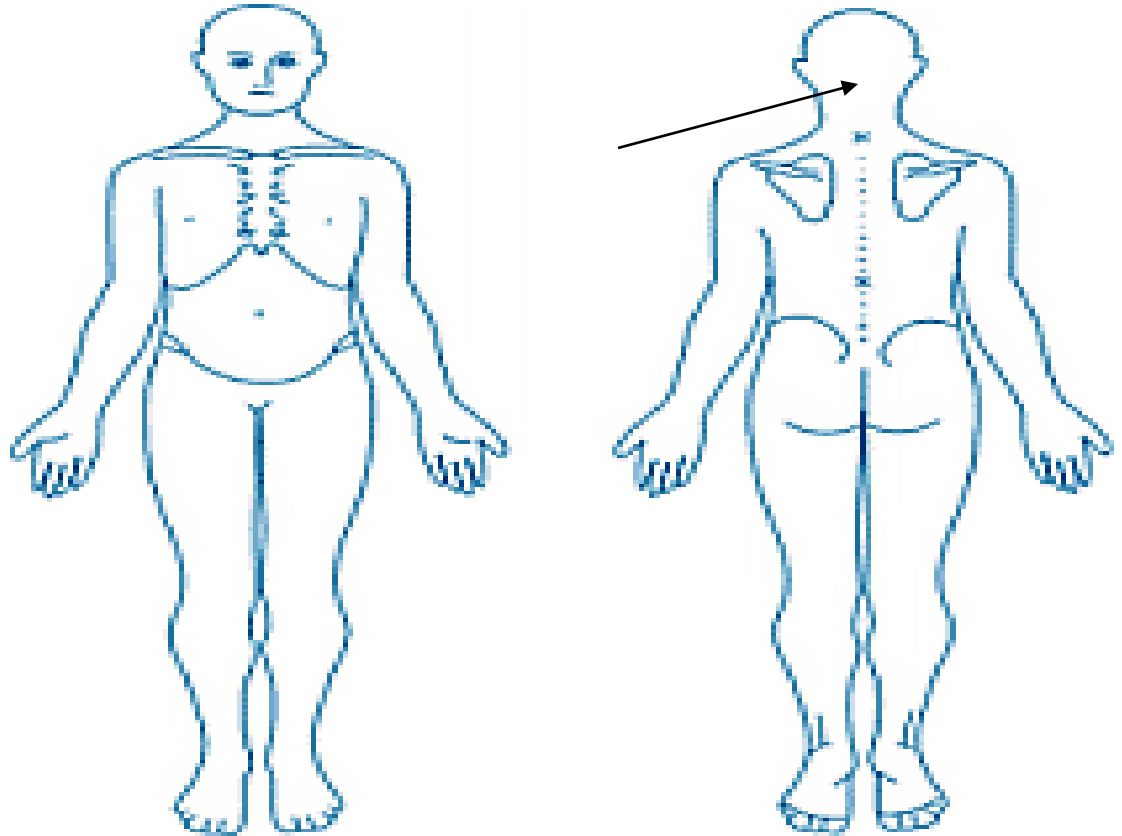

Answer

Question

# Posterior Body Landmarks-100

- **ANSWER:**

- **QUESTION: What is occipital?**

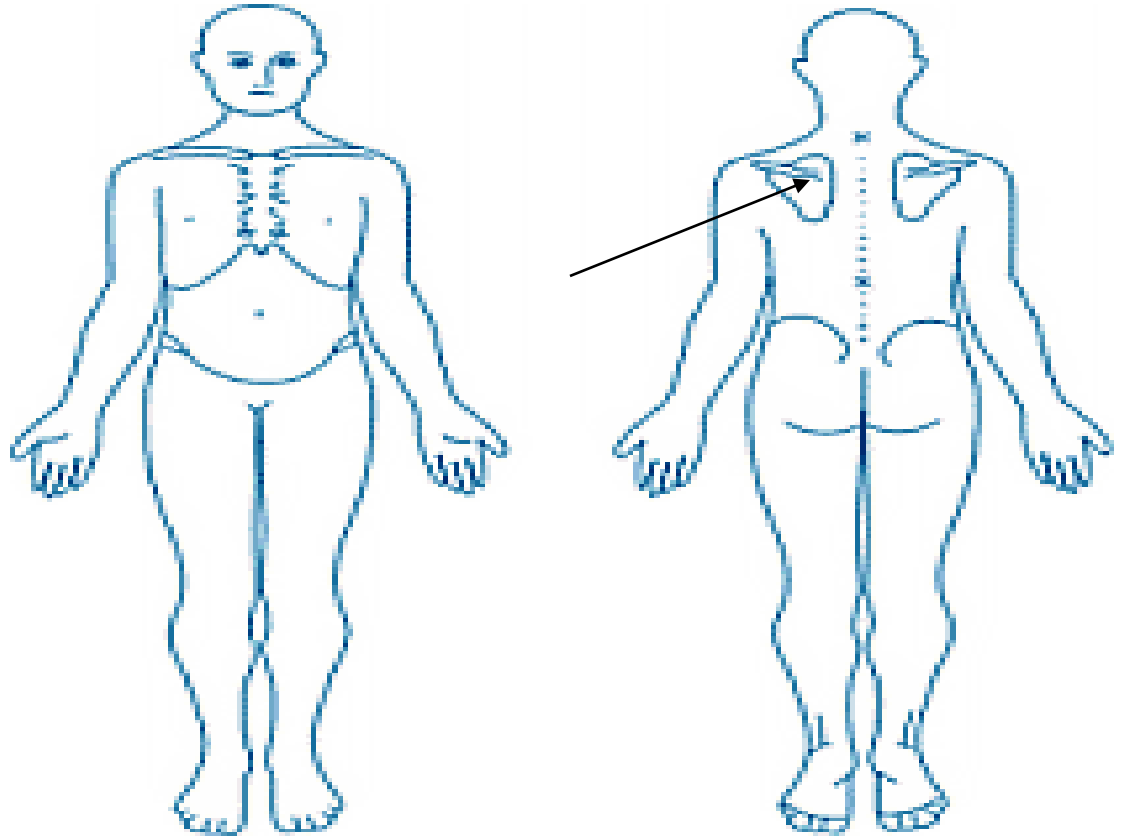

Answer

Question

# Posterior Body Landmarks-200

- **ANSWER:**

- **QUESTION: What is scapular?**

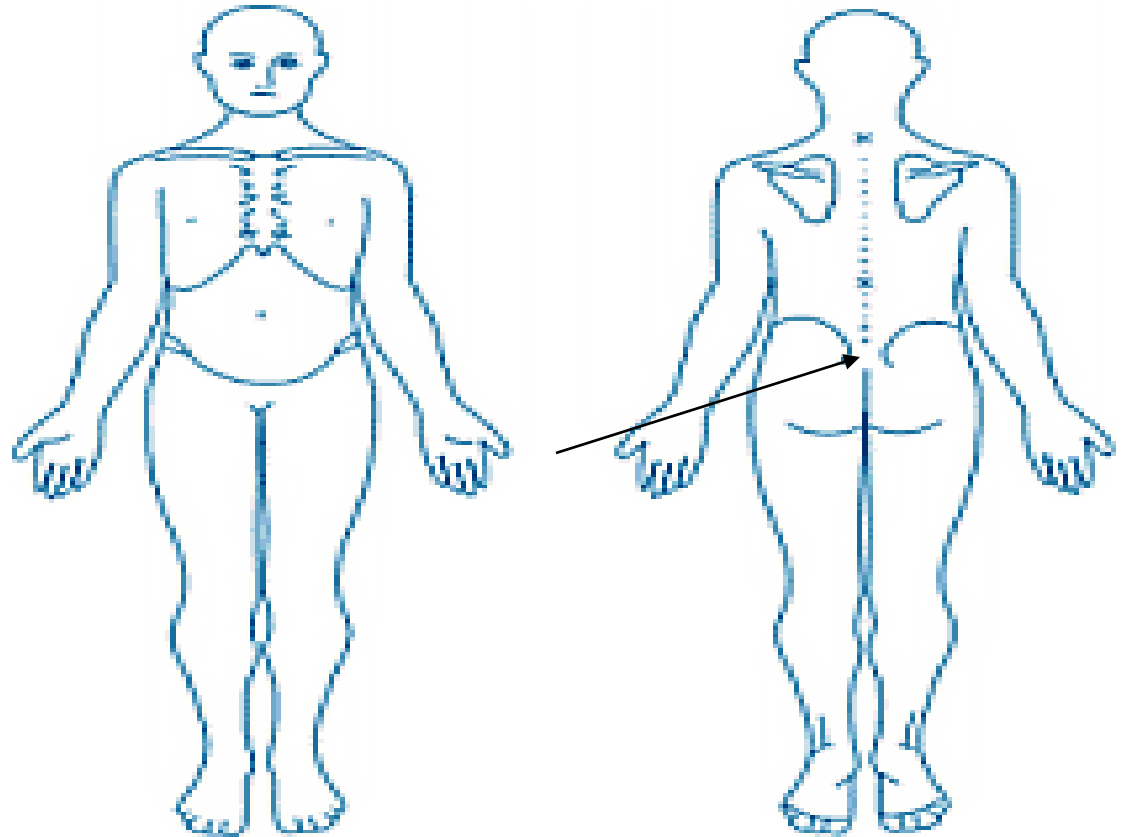

Answer

Question

# Posterior Body Landmarks-300

- **ANSWER:**

- **QUESTION: What is sacral?**

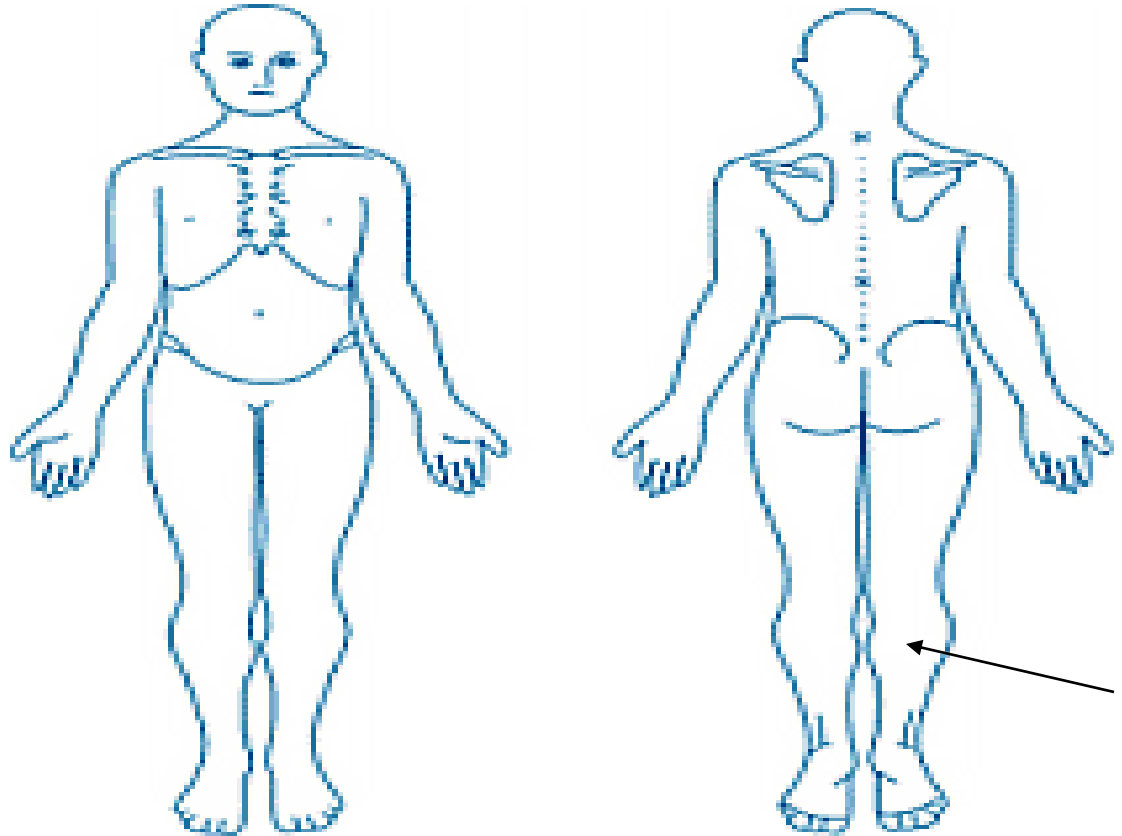

Answer

Question

# Posterior Body Landmarks-400

- **ANSWER:**

- **QUESTION: What is sural?**

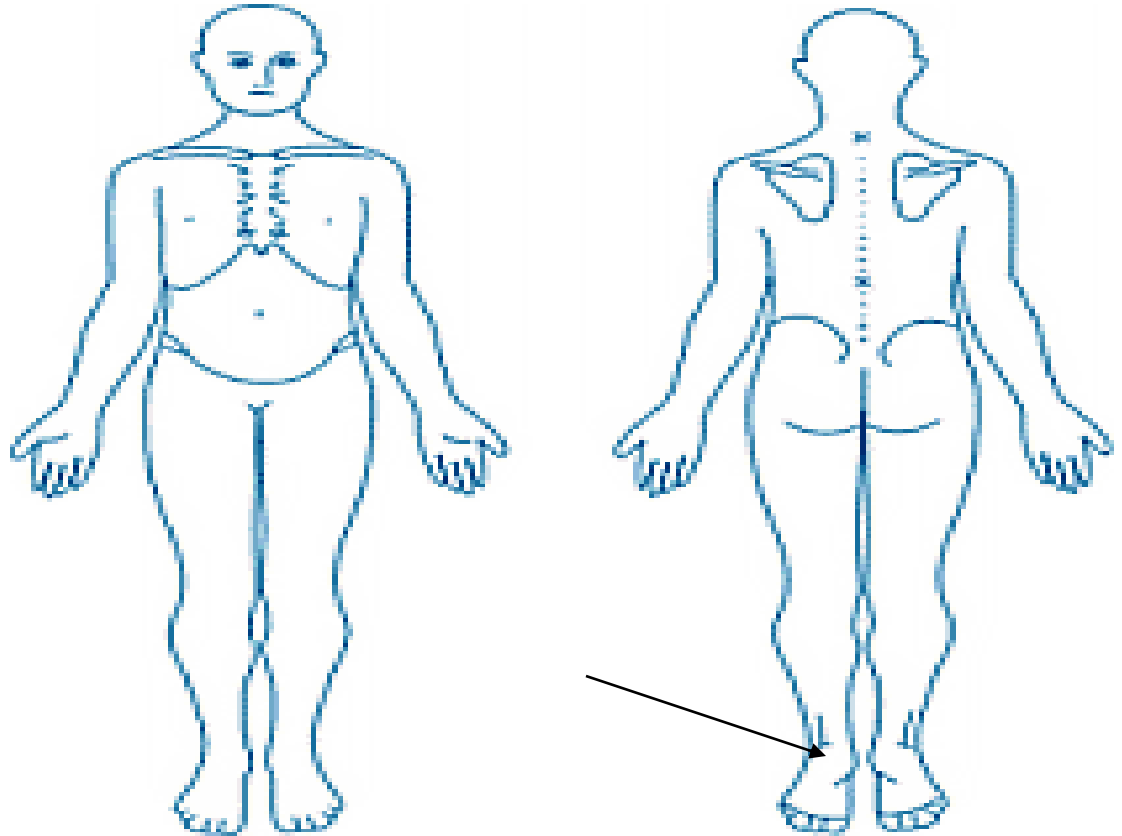

Answer

Question

# Posterior Body Landmarks-500

- **ANSWER:**

- **QUESTION: What is calcaneal?**

Answer

Question

# Organ Systems-100

- **ANSWER:** This system's functions include support, protection, calcium storage and hematopoiesis.
